

2nd Shift CNC PROGRAMMER / OPERATORS

Designcraft in Lake Zurich, IL has openings for **U.S. Citizens** experienced in high-speed CNC Machining. We are searching for full time CNC Machinists to perform advanced machining operations on CNC machines to produce quality products. CAM software experience is a must. WorkNC CAM software experience is a plus. We are searching for enthusiastic candidates with varying levels of experience who take pride in their work, pay attention to detail and desire to adapt and grow in a fast paced environment.

2nd shift position. Employees will be responsible for programming, setting up and running jobs in progress during the hours of 3:00pm to 12:00am.

Specific tasks include:

- Taking 3D CAD geometry and programming, editing & running it using our WorkNC CAM software.
- Material preparation. Materials include all engineering plastics & soft metals.
- Performing secondary manual machining operations on a lathe or mill.
- Reading and interpreting 3D CAD data and 2D prints.
- Machine maintenance & repair.

Physical Requirements:

- Must be able to lift 45lbs. to shoulder height while having full control throughout the movement.
- Position involves combination of sitting & standing for extended periods of time.
- Must be able to review 2D printed materials.

Benefits:

At Designcraft, we recognize people as our most valuable asset. Accordingly, we strive to compensate our employees with competitive salaries and wages and an excellent, comprehensive selection of benefits. Some of our current benefit programs include: Health, dental, life insurance, disability insurance, 401(k), paid vacations and holidays, overtime pay, performance bonuses and tuition reimbursement.

Culture and Environment:

At Designcraft you will find talented, motivated leaders and a positive, professional, close-knit Team with a vested interest in the continuing success of our organization.

Designcraft has been able to sustain itself an industry leader for over 25 years through its strong commitment and “what ever it takes” dedication to its customers. This commitment helps us maintain our recognition in the industry, and excel in a challenging yet rewarding work environment.
